PRIVATE PARTS FOR POOR SOULS

Dear JUST 18: There is so much beauty in this world that I am constantly dazzled. When I crack open a brand new issue of JUST 18, for instance, I am overwhelmed by the hotness of all those little gals and feel genuinely moved by their willingness to bare their most private parts for poor souls such as myself. My favorite pictures are the ones where the model stares directly into the camera, that makes me feel like she's being nasty purely for my benefit. I suppose a better man would feel guilty for indulging in such things as skin rags, but I've gotta snatch my pleasures where I can find 'em. I try to make an effort to appreciate the true beauty radiating out from the pages, and not just get hung up on all of the slits and bits and other carnalities. That's not to say I don't tug up a mighty storm under the watchful gaze of the beguiling sluts you offer, but I try to give a nod to them as beautiful and unique individuals first.-Lance in ND

Will You Be My Pen Pal? Please send your letters to: JUST 18 Magazine 210 Route 4 East, Suite 211 Paramus, NJ 07652

THE PUSSY'S WORTH EVERY PENNY

Dear J18: I'm not what you call the pickiest man on the planet. If a female offers me her cunt I'll take it, no matter how many tussles she's had with the ugly stick. Sure, I've bedded a couple of sexy young things back in the day, but what I learned the hard way is a good looking female is more often than not more trouble than she's worth. I'd much rather catch an eyeful of ripe cunt in the safety of my own living room. That's why I keep renewing my subscription to JUST 18. I figure the amount of money it's saved me on fancy dinners, and presents, and bail and the like—all expenses that come attached with the better looking females in the world-well, it's more than worth it. That's the thing about ugly bitches, they don't want much more than a poke and maybe a cuddle, and might even buy you a meal afterwards out of sheer gratitude.—J. in TX

LEAD IN THE PENCIL

Dear JUST 18: Is there a way that a pen pal service can be set up to enable enamored readers to contact the fetching just-turned-eighteen princess of their choice? I am not expecting to learn anyone's home address or anything, but perhaps a P.O. box so that an avenue of communication might be opened if the lady has time. There are several girls that I have seen who I would like to communicate with by letter. I know they all must be awfully busy, but who doesn't have time for some adoration now and then? I would write them detailed, passionate stories about how I would lovingly eat their sweet hairless pussies before fucking them gently into a warm sea of pleasure. I could even get some of my former lovers to write and vouch for me. I am truly an expert at cunnilingus.—Randolph in Reno

JUST 18 ROAD TRIP!

Dear JUST 18: This may sound a bit radical, but what about staging a lingerie fashion show wherein all of the models on the runway are babes who have posed for JUST 18? I realize that this could be quite a pricey endeavour as a good many of the JUST 18 girls are from far away places, but my idea is to get them all to one place—say somewhere in California—and

then buy a big bus for them to travel the country in, stopping in different cities and towns along the way to model lingerie and perhaps even some swimwear. They would not be "dancing" AKA stripping which is, in my opinion, a disgusting practice, but be doing legitimate modeling of legitimate lingerie that would be made available for purchase after each show. Anyway the way I see it is most of the cost to be shouldered would occur up front in the plane tickets to assemble all the girls from wherever it is that they come from. But after that the whole excursion would be fairly inexpensive. In fact, the shows would be huge money-makers. And feeding the girls would be cheap. Hot dogs for everyone!—Clyde in FL

THE POWER OF BLONDE

Dear J18: I don't know if blondes have more fun, but I sure do have more fun with blondes! I don't know why, but blonde chicks make me harder than non-blondes. With a blonde I can get it up four, sometimes five times in a row and fuck for days. No brunette has ever inspired me in quite the same way. I've never had myself a natural redhead, all the ones I've been with have been brunettes with dye jobs. I sure wish you would do an all-blonde issue. The thought of an entire magazine full of nothing but photos of golden-haired temptresses spreading themselves wide open and sticking toys into their creamy holes is making me hard right now. Do you see the power that blondes have over me? I am entirely under their spell.—Thom in VA

THE SHORT AND CURLIES

Dear JUST 18: I sure do love curly hair! More curly haired models, please! And more pubes! I love curly hair in all places! Maybe not in armpits! But I love hairy asscracks! (On women only.)—Eddie in NE

I didn't realize how overwhelmed I would feel when I went to college. I arrived at school full of determination (I thought) but it didn't take me long to feel more intimidation than anything else. I was intimidated by how smart everybody was and I couldn't stop comparing myself to them! I always told myself the only reason I got good grades was because I could memorize well for tests, and so I felt like a phony even though I graduated *5 in my high school class. And the more I felt like a phony, the more stressed I got. Soon here at college I made a familiar retreat for myself whenever I was tense—right into my pussy.

I had a roommate. Sasha, so I had to be sure to do my masturbation business when she wasn't around, which was hard at first so I only did it at night when we first began rooming together. Luckily the room was divided into two halves with a door in the middle, so I had some privacy, but even so when I was laying in my bed with my hand in my pajamas and rubbing my clit, I didn't want Sasha to get up in the middle of the night and come through my room if she had to go out into the hallway to the bathroom or to the lobby snack machine. I kicked myself because I'd taken the outer room, when somebody with masturbation habits like mine should have taken the inner one; but when we tossed a coin and I won, I was happy because I mistakenly thought I was going to be good and WASN'T going to spend so much of my time with my fingers in myself—that I in fact was going to be not just a top student at college but a social success!!!

But you can't escape who you are. I was always kind of a nerd and spent more time studying than anything else, and Sasha liked to hang out with boys and soon she hooked herself up with a junior named Quentin (named after that creepy old filmmaker, of course) who took up a lot of her time. She began to sleep over at his dorm or at the library or wherever she could find some privacy to put his cock into her body. She liked to tell me about it, you see, she'd come back to our room every once in awhile and say just that, "Beth, I spent such a great night with Quentin and he almost forgot to take his cock out of my body!" The way Sasha phrased things made me masturbate even more, I'm afraid. No sooner would she leave me alone in our room to meet up for another "mission of fucking" with Quentin (his phrase, what a wit) than I'd lock the door and lay myself naked down on the bare floor, rubbing my nipples with one hand while I spread my thighs and imagined that was me, not Sasha, whom Quentin the Great Wit was meeting for his cock mission, laying on top of me and fucking me like the total slut I really was but which I was afraid to let anybody see.

That's always been my problem, you understand—I just can't let anybody know how badly I want to act bad.

All the time I spent playing with myself began to affect my education, too, I'm afraid. I began to miss classes because I couldn't get up in the morning after a long night of fucking myself with a vibrator that I'd managed to work up the courage to buy at a downtown "women's sex boutique" just before I left for college last August. The lady behind the counter kept applauding me for my bravery in "confronting my needs as a young woman" when I bought it but I kept feeling she really wanted to get a little piece of me as some prime just-eighteen prospective lesbian material. That feeling (or was it a fear?) gave me my first orgasm on the toy...not that I'm a lesbian, or not yet anyway.

Meanwhile, here it is several weeks into the second semester

now at college and I'm doing terribly and I have no real friends and everybody on the floor of my dorm thinks I'm studying hard but ineffectively because unlike them (it's a school full of brainiacs, sigh) I don't really have the best methods of studying and I'm falling behind and I've reached my level of incompetence. What is that called, the Peter Principle, when you finally reach the job you can't do? We read about that in Pre-College Psych in my last year of high school. I should have taken it as a warning and not applied to this college. I think it's above me. I should have gone to the community college instead of being a phony and pretending I was smart enough for this place.

And what's even worse is that I'm into watching porn...soooo much.

It all came to a head when I was crazy enough, one night when Sasha was supposed to be over at Quentin's. I locked the door of our dorm room and got myself totally naked and sat down by the computer to watch God knows whatever smut I could find. I'm a terrible filth fiend, I'm afraid, and with one hand on my laptop and one hand on my "bad girl" (that's what I call my pussy sometimes) I can hop from the dirty little non-explicit YouTube videos to the disgusting cock-in-pussy stuff that is all over the free sites. It's a challenge not to make too much noise when masturbating but I've trained myself to keep the moans in. There I was watching a huge dick doing awful but wonderful things to a girl's but thole (oh how I envy those porn stars their slutty freedoms) and who comes knocking on the door but Quentin, expecting to find Sasha therel

I don't know what possessed me but I told you I had fantasies of Quentin doing me on the floor and God knows where else, and it must have been a demon that possessed me but I opened the door and his eyes almost bulged when he saw me. "Sasha and me had a fight and I thought—" he began to say. "I—I—I thought maybe she came back here but—"

Maybe I'd been watching too many porn stars showing off their slutty freedoms but I pulled Quentin into the room before anybody could see us. On my computer screen, a girl was taking a cock in her ass AND her pussy and mouth too, and Quentin stopped

for a second to look at the screen, can you believe it, with the Naked Me right in front of him? But if I was going to lose my mind and have sex with my roommate's guy I wasn't going to let us both lose focus, so I closed the laptop and pulled Quentin over to the bed.

"I shouldn't," he said.

"I shouldn't either," I said, "but that's why I'm gonna."

"Beth, you've never acted like this-"

"But I've wanted to, ohmigod!"

I jumped up, realizing I hadn't secured the door. After pressing the lock in the handle I came back to Quentin via the floor—meaning, I crawled over to him, naked, my breasts swaying, just like I had in a million fantasies, and I unzipped his pants (he was warming to the idea) and took out his cock with great difficulty (it was as big as Sasha made me think). Now hey, I don't want you to think I was a virgin, because I did have a little experience before, but strictly mediocre—and this was going to be special. I held Quentin's veiny inches in both of my hands and I slid my face down onto his meat and it felt so slutty and good and free.

"Hidden talents, jeez, Beth!!" was all Quentin could say as my tongue swirled over his penis (sometimes I like that word better than "dick") and I even moved my tongue down to his balls.

"Just don't tell Sasha." I said, popping my face off his meat.
"I won't but don't talk when time could be short," he said,
smiling as he lifted me off my knees. "Ride it now and we'll
make a date for when we won't have to worry about Sasha
coming in."

I was okay with that and cimbed onto the bed to squat over his cock while he pressed his face into my breasts. I held his head and moved my pussy up and down on his long inches—it was like an anchor for my whole body, if was so hard, all I had to do was move my wetness up and down on the shaft, up and down, up and down and all around...oh it had been too long and I was so glad I was getting it with this cock. No wonder Sasha couldn't stop spending time with him.

"Oh Quentin!" I gasped, muffling my sound with the back of my hand as I felt myself explode. God knows I witched for a long time. I'm afraid.

"Shit baby!" he cried, and I was going to shush him but I felt too good and too mind-blown by the feeling of his cream squirting out on my butt when he pulled out.

We slumped next to each other.
We lay there for a long moment then.
"Sasha might be back at any minute!"
we both seemed to say at the same

"Unless she's fucking somebody else out of revenge," Quentin said. "I acted ke a douche tonight, I wouldn't blame her. Just a stupid argument about next to nothing, but I said some dumb hings..."

"I'm glad you did!" I said, and then we oth laughed.

"Oh you Beth...you got hidden talents!"
He was right on the money. And with
y secret sluttiness out in the open, my
eal college life had finally begun,

his is going to sound hard to believe but I swear to god it's true—I never, ever touched a sex toy until I became friends with Sandy. I'd never gone all the way with a girl before, either. Basically, meeting Sandy changed my whole life—for the better! We go on these crazy camping trips together where we're supposed to be hiking and enjoying nature and stuff like that but instead we just put up a tent and fuck in it like two oversexed bunnies. Sandy's skin is so clear and smooth and her pussy tastes like peach jelly. Her titties are way bigger than mine and they're gorgeous and bouncy and I could play with them forever. I love it when Sandy sticks things inside me—like her fingers and her tongue and the little vibrator she bought especially for me. It's so fun to kiss her while both our pussies buzz.
